Subject: Quotation of a trip to Taiwan on 12-16 Jan 2012

Dear Candy,

I am the manager of Hall Education Development Office, HKU. We are going to organize a study tour for the students to Taiwan on 12-16 Jan 2012. Most of us are HKU students, including local Hong Kong students, Mainland China students and overseas students. The size of the tour is expected to be 40 people.

We are still arranging the visit to various parties in Taiwan, that will include Taiwan University of Politics, TVBS, United Daily News and the election center of both political parties (國民黨 & 民進黨). The schedule is yet to be confirmed. However, we need a quotation from you on the following expenses:

Flight tickets
Hotel (4 nights from 12-15 Jan)
airport and fuel tax
rent of a tour bus and driver for 5 days (12-16 Jan)
meals during the trip

We are asking for a tour guide from Taiwan University of Politics, so we may not need any tour guide from your agency. However, a tour leader should be needed to arrange the tickets, buses...etc for us.

As most of us are students, we hope that you may find for us a hotel and restaurant at economy rate. Thanks!!!

Looking forward to your reply and thank you very much for the help!!!

Best regards,
Anders Wong

11. General Comments:

Its really a nice trip with very good motive to let students to expose to Taiwan democratization. Look forward to more political observing trip.

The trip is interesting and help me know more about Taiwan.

Fruitful

Some arrangements are worse then expected

This is a wonderful study tour and the best hall function I've ever heard. Hope that there are more hall education events in the future

The time is tense and packed. Can't deeply look into the election atmosphere

I gained great insights into Taiwan from different perspective than I had before.

Thank you!

Hope we can visit every party, including KMT, DPP and PFP.

A nice trip. But the nature of some programs repeated (public opinion center etc). It is suggested that the content can be more diverse in order to let participant learn more. Anyway, a great one indeed

Everything is good and groupmates are good! Thanks!
The seminars are inspiring. However, if the themes could be more diverse (eg. Different speakers of different aspects), the seminars would be better

More chances. Make less expensive

This is a productive trip/course. I would highly recommend it to my friends.

Very good try of HEDO. Hope there would be more activities organized by HEDO and could involve more students in organizing part of the function.

Very good tip. Thanks for organizing. I learnt a lot.

I think the accomodation need to be improved

Good and dedicated planning. Very knowledge simulating process.

Well-organized, smooth transition, but can be improved if transportation at night was provided. Also visit to community organization and talk with ordinary citizens may be included next time

Better not to include UID in the evaluation form

A very nice trip. Wish to go to more cities in Taiwan and meet more people

The arrangement in Taiwan could be more intensive. But generally speaking it is deemed as a great success in inspiring students to pursue democracy in their own mother land

The arrangement for the whole tour is well-organized. We need not to worry anything, which deserve applause. Just that the publication work is not enough. Many of my friends don't even know there is such an activity held by HEDO. For example in my hall, merely a tiny little poster was posted at a corner in the lift lobby which no one would put a glance on it. It would definitely be a waste if the SA of the hall chooses not to put effort in promoting the activities.
